

# Carriage Hill & Carriage Trace Apts.

October 2025

*The Management of Carriage Hill/Trace Apartments would like to take this opportunity to talk to you about maintaining our neighborhood. It takes all of us working together to create a great neighborhood that we are all proud to call home.*

*Below are some issues that seem to be coming up more frequently and they need to be addressed. Please take time to read the following and give us a call if you have any questions.*

-We have had several recent complaints about smoking, in particular the smoking of Cannabis (both legal and illegal). Please be aware, this **IS NOT ALLOWED** and could result in the **termination** of your lease.

-While, at this time cigarette smoking is allowed, please be considerate of your non-smoking neighbors. Smoke travels through your walls/vents and becomes a problem for those around you. The best place to smoke is on your balcony/patio (never in your breezeway).

-Please obey the **ONE-WAY** signs in our community. Traveling the wrong way is not only a danger for you but for your neighbors.

-Please do not speed throughout the property. Speed limit signs are posted and should always be followed.

-Please be mindful of noise levels, particularly during early morning and evening hours. Quiet hours are between **9pm and 7am**. Refrain from using your dishwasher, washing machine or vacuum during these times.

-Respect shared walls and community spaces by keeping conversations, music/tv and activity at a considerate volume.

-Keep our community clean by tidying up after yourself in shared spaces around your home, near the entryways and common areas.

**-DO NOT** store personal items under the stairwell. (This includes bicycles.)

-Children under 12 are to be supervised at all times.

-Cars parked on the grass or in front of dumpsters **WILL BE** towed at the car owner's expense.

-Make sure you and your guests only park in your assigned parking or any of the unnumbered spaces.

**Remember:** We **ARE NOT** a pet friendly property.

-You must submit the proper document from your doctor stating your need for the service animal **before** you add it to your home.

-Dogs must be DNA tested and there is a \$300 fine if you are caught not picking up after your dog.

-Animals should be always under complete control of a responsible adult by either a leash or a carrier. This includes cats.

-Animals are not allowed on the playgrounds, pool area, clubhouse or laundry facilities.
